

SymGEO

A DIVISION OF
SYMAGO

TELL A STORY TO REMEMBER WITH YOUR DATA

"SymGEO is remarkably flexible and responsive. They listen carefully to requirements and deftly blend customer vision with technological capabilities."

- District Department of Transportation (DDOT)

"This is superb and exactly what the client needed and what I was imagining."

- The World Bank Group

"The SymGEO team worked on a tight schedule to deliver a series of impressive updates and fixes to our existing application, including a whole visual re-imagining. We are excited to work on even more innovations to the tool going forward together."

- American Public Transportation Association (APTA)

SymGEO provides expert Geographic Information System (GIS) mapping solutions and digital community engagement platforms

We specialize in geospatial data analytics, insightful visualizations, and cost-effective applications to help our clients make informed decisions and tell a story to remember with their data. As a small, minority, woman-owned business, we deliver tremendous value to our partners. As a GSA IT Schedule 70 holder, we offer competitive rates and flexible staffing arrangements.

GIS MAPPING SOLUTIONS

- Gain insight into spatial trends, outliers, and changes over time
- Quickly and easily reconfigure applications as needed
- Mobile responsive for data collection on the go
- Wide range of solutions for every challenge

COMMUNITY ENGAGEMENT

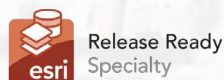

- Highlight key maps, data, reports, or applications
- Enlist "people as sensors" to keep data fresh and current
- Incorporate surveys and feedback for two-way engagement
- Flexible and dynamic platform configured based on need

3D BUILDING INFORMATION MANAGEMENT (BIM)

- Visualize existing or proposed redevelopment options
- Scale up to a city, or focus on a local development
- Conduct viewshed analysis or facility asset management
- Save online and share interactive models on social media
