

SymGEO

A DIVISION OF
SYM GEO

TELL A STORY TO REMEMBER WITH YOUR DATA

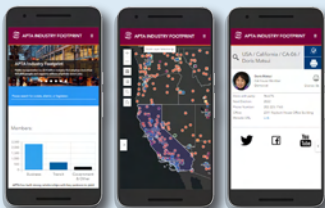

"SymGEO is remarkably flexible and responsive. They listen carefully to requirements and deftly blend customer vision with technological capabilities."

- District Department of Transportation (DDOT)

"This is superb and exactly what the client needed and what I was imagining."

- The World Bank Group

"We are happy with the results of our partnership with SymGEO. They produced a website that equals our ambition and stature as an association."

- American Public Transportation Association (APTA)

SymGEO provides expert Geographic Information System (GIS) mapping solutions and digital community engagement platforms

Located near Washington, DC, we specialize in geospatial data analytics, interactive web technology, and focused messaging to help our clients make informed decisions and engage with their audience. As a small, minority, woman-owned business, we deliver tremendous value to our partners. As a GSA IT Schedule 70 holder, we offer competitive rates and flexible staffing.

GIS MAPPING SOLUTIONS

- Gain insight into spatial trends, outliers, and changes over time
- Quickly and easily reconfigure applications as needed
- Mobile responsive for data collection on the go
- Wide range of solutions for every challenge

COMMUNITY ENGAGEMENT

- Highlight key maps, data, reports, or applications
- Enlist "people as sensors" to keep data fresh and current
- Incorporate surveys and feedback for two-way engagement
- Flexible and dynamic platform configured based on need

3D BUILDING INFORMATION MANAGEMENT (BIM)

- Visualize existing or proposed redevelopment options
- Scale up to a city, or focus on a local development
- Conduct viewshed analysis or facility asset management
- Save online and share interactive models on social media
